BIO

Wildsnake - "The Whitesnake Experience" is a tribute band dedicated to faithfully recreating the sound, style, and energy that made David Coverdale's band a hard rock legend. Featuring seasoned musicians with a passion for '80s rock, the band delivers a high-impact performance that transports audiences straight to the golden era of arena rock.

From soaring vocals to screaming guitar solos, from tight rhythms to authentic stage presence, every show is a celebration of Whitesnake's timeless music. The setlist includes iconic hits like "Here I Go Again," "Still of the Night," and "Is This Love," bringing fans of all ages back to the days when rock ruled the airwaves. With five members—four Brazilians and one American—Wildsnake is an international band, giving it a uniquely distinctive musicality.

A particularly special moment occurred when Rudy Sarzo (former member of Whitesnake) visited the band in the studio to see what Wildsnake was working on—and he genuinely loved it. It was an honor to have Rudy join us in the studio. You can catch this unforgettable moment on Wildsnake's Social Media or click on link below.
